Subject: NSPS OOOO National Call Topics

1. Lots of calls/questions from industry regarding an email from Diana L to industry asking for emailed reports only? Region 8's preference is reports be submitted through CEDRI, if that doesn't work then paper then email.
2. Company asked for an extension to the October deadline for NSPS OOOOa annual reports, checked with Amy Hambrick and Marcia Mia and we agreed this deadline is subject to the "adjustment" language in 60.19(f) and by mutual agreement an extension could be granted.
